

Countryside and Briar Hill C.O.P. participate in Bowie High Schools annual trash cleanup

The Interschool Council consisting of students in various clubs and organizations including Student Council, Key Club and IB participated in Bowie's first community Cleanup Day. The purpose of this event was to show a united front in support of our Bowie Community. The council worked with Citizens on Patrol groups and the Arlington Police Department and walked the neighborhood cleaning up trash and distributing flyers door to door. Darlene Owens, Assistant Principal, is the Bowie Liaison between the school and the community.
