

A suspicious subject is removed from Fitzgerald COP's area.

On March 14th, 2007 at approximately 11:00 am, Fitzgerald COP member Bonnie Bilodeau noticed a subject on a bicycle that appeared suspicious. She watched the subject ride his bicycle up into the driveway of a residence in the area of Rockdale and Creek Valley. The subject appeared to be looking around the residence.

Bonnie then called 911 to report the activity to Dispatch. Arlington Police Officers then responded and made contact with the subject. An ID check by Officers revealed that the subject had an outstanding warrant. The subject was taken into custody and transported to the Arlington City Jail.

Recent statistics showed that the area had been hit with multiple residential burglaries. There is no evidence that the arrested subject had any involvement however, alert citizens like Bonnie Bilodeau continue to make it more difficult for criminals to conduct illegal activity in the City of Arlington.
