

C.O.P.'S FIRST EVER 'LADIES NIGHT' IS A SUCCESSFUL VENTURE!

Recently while at a speaking engagement promoting C.O.P., a female in the audience stated that she has always wanted to join the program but was apprehensive about patrolling alone. We advised her that partnering up between groups was a common thing for those who prefer not to patrol without a partner.

After further thought, we decided to promote the efforts of those who already partner up for safety. Bonnie Bilodeau of Fitzgerald C.O.P. was up to the task and scheduled the first ever, "Ladies Night on Patrol." The group met at Mochalux Coffee House in effort to promote partnerships and safety between groups

"It went great last night. We learned what was going on in other areas. Hopefully we can keep it up." - Bonnie Bilodeau of Fitzgerald C.O.P.
