

## **New member wastes no time making an impact**

Less than one month ago, Misty Beal-Crabb became the latest member of Valley Springs C.O.P. to join the program. Like many other members from the Valley Springs Group, she wasted no time in generating her first success story.

On 08-17-07, Misty saw a subject making what appeared to be a possible narcotic transaction with an occupant of a vehicle. She dialed 9-1-1 to report the activity. Arlington Police Officers responded. The involved vehicle had left. After a quick search and a short foot pursuit, one subject was detained. The subject had also been involved in a recent domestic altercation. He was arrested on an outstanding warrant and resisting arrest.

With the addition of new members like Misty, it's becoming more difficult to commit crimes in Arlington away from the watchful eye of the community.
